Summary:

On Sunday, 12 April 2015 at approximately 0911 hrs Lt. Brian Rice, Officer Garrett Miller, and Officer Edward Nero were on bike patrol in the area of the 1600 Blk North Ave, at which time, they made eye contact with Freddie Grey who was also in the area. Upon making eye contact, Mr. Grey fled on foot and a brief pursuit ensued with the officers on their bikes. Back-up units were requested and officer's made contact with Mr. Grey in the 1700 Blk Presbury where he was detained. A search for weapons revealed Mr. Grey was in possession of a spring loaded knife clipped to his front right pocket. Mr. Grey was placed under arrest, at which time he, became very combative. Mr. Grey was placed in the wagon to be transported to CBIF. Mr. Grey remained combative while in the wagon, so Ofc. Goodson stopped the wagon at Mount St/Baker St and placed leg irons on him. Ofc. Goodson then began to transport Mr. Grey to CBIF, at which time; he was requested to return for an additional transport, as he was the only wagon operational in the district. Ofc. Goodson turned around and responded to North Ave/Mount St to pick

up arrestee Donta Allen. Ofc Goodson then proceeded to the Western District to drop off Mr Allen. According to Donta Allen, during the transport from North/Mount he could hear Mr. Grey banging against the walls of the wagon compartment. Donta Allen went on to say that it his belief Mr. Grey was intentionally trying to hurt himself. Mr. Allen advised while they were being transported the ride was not bumpy, nor was the wagon being driven erratically or making abrupt stops and starts. Mr. Allen also advised from the time he was being transported, they made no stops where the wagon doors were opened. Mr. Allen provided a recorded statement.

Upon arriving at the Western District, Mr. Grey was described as being unresponsive in the back of the wagon, at which time, a Medic was requested. Medic #43 responded to the district and Mr. Grey was transported to Shock Trauma, where he is currently listed in critical but stable condition. Crime Lab Tech Jennifer Anderson Unit 5821 responded to the scene and processed same and took photographs. All proper notifications were made. An area canvass for witness(es) was conducted and all identified witness(es) provided recorded statements. Investigation is on-going.
