

1 just -- I can't see them very well. So I am just going  
2 to read them off, and you will have it in the jury room  
3 with you.

4 At 1:12 phone call, 2:14, 2:16, 2:27, 2:32, 2:33,  
5 2:36, 2:36, 2:37, 2:43, 3:15, 3:28, 3:48, 4:56, 4:56,  
6 4:56, 4:57. Isaac Dawkins is pronounced dead, this guy  
7 he says in his statement he hardly even knows. You need  
8 to look at his statement real critically. This guy he  
9 says he hardly even knows, and Joey Watkins immediately  
10 once Isaac is pronounced dead is on the phone bam, bam,  
11 bam, bam, bam, bam, bam, bam.

12 Now I want to talk about Joey's statement for just a  
13 minute because he says that he left Aislinn's house --  
14 well, he went to Aislinn's house around 7:20. That is  
15 what he said, and he told you -- he told you in this  
16 statement -- he told us all in this statement that it  
17 looked like Isaac's truck. He saw what looked to be the  
18 brush guard on the front of Isaac's truck with fog lights  
19 on it, and that is why he called his sister.

20 I have got all the photographs here that were placed  
21 into evidence. Can you see the brush guard from that  
22 picture? Can you see the brush guard from that one? Can  
23 you see the brush guard from that one? Can you see the  
24 brush guard from that one? We are getting closer and  
25 closer. Can you see the brush guard from this one? Both

1 sides of the truck are portrayed in this picture, in all  
2 these pictures from distance and from close and in not  
3 one of these photographs, not one of these photographs  
4 can you see a brush guard on the front of this truck.

5 And he got to Aislinn's house and what did her daddy  
6 hear him tell her? A good friend of mine just got  
7 killed. Why would -- what is Mr. Hogue's motive for  
8 coming in here and telling you that if he didn't hear it.  
9 Aislinn doesn't remember much of anything he said that  
10 night because he stayed on the phone with is family all  
11 night long. Now why in the world would he go to this  
12 girlfriend's house and stay on the phone with his family  
13 while she is sick laying in bed unless he needed an  
14 alibi, unless he needed an alibi. I don't know why.

15 He also told the police that I have never threatened  
16 Isaac. I do not own a handgun. We have disproved that.  
17 We have disproved the threat that he has threatened  
18 Isaac. I did not kill Isaac's dog. You know better than  
19 that now. I have never been to his house other than a  
20 friendship basis. Give me a break. I have never seen  
21 Isaac's dog. I don't drive my sister's car because I am  
22 not on the insurance, and I haven't seen him since the  
23 fair. I have not seen Isaac since the fair, and he said  
24 I haven't talked to him since he followed me to my house.

25 You have got his statement. You heard his statement.
