

This happen the ~~night~~ or next day  
When Joey was questioned

10/3/00

I remember Mark coming out of his room and saying: I can't believe that, and I said what and he said I just called Joeys house & asked for him & his sister answered I asked for Joey & she was like what do you want? and he said she just started screaming I'm tired of everyone saying my brother killed this guy & hung up on Mark.

Then he looked at me & said Don't you remember me & you were together that day & I remember him, no I don't remember. <sup>telling</sup> He never really mentioned that to me anymore.

He told me to think about it. He stayed on me for a few minutes wanting me to remember. When I told him I didn't remember for the 100th time he was like o.k.
